While performing work at our facility the rules outlined below MUST be followed at ALL times:

- Speed limit on perimeter roads is 20 mph, while traveling on interior tramways it is 5mph
- Pedestrians have the right of way
- ALL Vehicles must be locked and secured (doors and windows)
- ALL Vehicles are not allowed to park on the grass.
- ALL Vehicles must use approved roadways and must not drive through the grass or field.
- Essential work vehicles can be parked in gated work area.
- ALL personal vehicles should be parked in facility parking lots.
- DO NOT leave vehicles running if they are not being occupied
- ALL tools and materials must be accounted for. They are not to be left out at any time, they must be locked and secured while not in use and at close of business each day.
- Items in truck beds are not to be left unattended at any time
- Loading and unloading of materials must be performed in secured/closed gated areas
- If a resident enters your work zone, work is to cease until the individual leaves the area
- Refrain from using profanity around the residents
- DO NOT take photos of the individuals or let them use your phone
- DO NOT give them food, money or any other items you have in your possession that they may want
- While eating on campus, ensure that food/drink items are not left out. Eat inside a secured area where individuals cannot gain access to the items.
- If you witness any individuals becoming verbally or physically aggressive towards our staff DO NOT intervene, our staff are trained to handle and deescalate situations in a safe manner
- Pets are not allowed on campus at any time
- CCSSLC is a smoke free campus for employees and contractors. SMOKING is prohibited on campus.

Safety of employees and individuals on campus is top priority. If an individual takes construction materials, tools or food report it immediately to the Plant Manager, Risk Manager or Safety Officer:
