Approved, but the version that posts will need to have your comments removed before. If there's a way to not have the TOC entirely struck and replaced that would be preferred. It will let you pdf a word doc with track changes in it. Cleaner for posting to go into your tracked changes settings (Review -> Tracking (expand) -> Advanced Options -> Insertions = Red, Deletions = Black)

Hi Reilly,

There's been a lot of changes on this RFA. I'm trying to figure out how to post an addendum for all the changes or if an updated RFA needs to be posted. An overview of the changes is below.

An entire section of the RFA and a form have been removed. Do I update the numbering of the RFA sections and the lettering of the forms? Or leave the RFA as is? Would all of these changes go into one 121 form?

1. Section 2.2.1 – removed cost reimbursement verbiage
2. Section 2.2.3 – removed reference to Indirect Costs section
3. Section 2.3 – added public and private organization as eligible respondent
4. Section 2.4.2 - removed cost reimbursement verbiage
5. Section 2.5 – verbiage was cut off when the document was turned into a PDF
6. Section 3.4.2 – fixed a spelling typo
7. Section 4.5 – removed cost reimbursement verbiage
8. Section 7.1 – verbiage on Form E, Indirect Cost Rate Questionnaire deleted
9. Form E Indirect Cost Rate Questionnaire removed from solicitation package
10. Section 7.2 on indirect costs – removed section from RFA
11. 2 new tabs have been added to Form B
12. Submission checklist – two minor typos fixed
13. The following exhibits/forms were cut off on the last page when the document was turned into a PDF before posting: Exhibit J, Form A through Form E.

Thank you,
