CORE COMPETENCIES

Dowell Pest Control, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) that is designated as a Texas HUB and was established in 2015 and is currently servicing customers throughout the state of Texas. Although Dowell Pest Control is a newly established entity, the Dowell family has been providing quality pest control services throughout the Gulf Coast of Texas for over 35 years.

Dowell Pest Control has experience in a broad range of pest control as well as vegetation control services. Chad Dowell, the President of the company is a 20-year veteran of the United States Navy where he served in numerous operational billets, including five deployments in support of combat operations. Chad and his brother Clint have since restructured the family business and put together a team of true professionals.

Dowell Pest Control is currently servicing over 1200 customers, which includes large commercial facilities such as the Integrated Bagging Facility in Lolita Tx, the Buckeye Plant on the Corpus Christi ship channel and H-E-B grocery stores around the state. These services range from general structural pest control, to industrial mosquito control, bird removal and abatement as well as vegetation control.

Differentiators

- We have a strong background in:
