CONTRACTOR: UT HEALTH SCIENCE CENTER AT SAN ANTONIO

DSHS PROGRAM: Home and Community Based Services

TERM: 09/01/2015

THRU: 08/31/2018

INTRODUCTION:

The Home and Community-Based Services-Adult Mental Health Program (HCBS-AMH) provides home and community-based services to adults with extended tenure in state mental health facilities in lieu of their remaining long term residents of those facilities. The HCBS-AMH program provides an array of services, appropriate to each individual's needs identified in a department approved uniform assessment, which enables these individuals to live in the community rather than residing in state mental health facilities.

A number of adults have resided in Texas state mental health facilities for extended periods of time, in some cases, for years. These individuals no longer require an inpatient level of treatment, but need specialized supports that are not available through existing community-based mental health and disability programs. Characteristics of this population include:

1. A history of unstable housing/homelessness;
2. Co-occurring physical health issues including hypertension, obesity, diabetes, high cholesterol, mobility impairment and suspected developmental disabilities;
3. Cognitive issues including dementias, traumatic brain injuries, cognitive processing issues due to mental illness and complex mental health diagnoses such as schizoaffective disorder; and
4. Less family support than individuals with mental illness in general.

All individuals must meet non-financial needs-based criteria established by the state to access 1915(i) State plan HCBS. Individuals enrolled in the HCBS-AMH program must require the intensity of services provided in order to establish and/or maintain stability in their preferred community, improve functioning, prevent relapse to an acute inpatient level of care and maintain residence in the community. This is evidenced by the following:

1. Diagnosis of serious mental illness (SMI);
2. Risk factor as defined by the department. At time of contract execution this is defined as of an extended tenure (three or more cumulative years) in an inpatient psychiatric hospital during the five years prior to enrollment;
3. Clinical eligibility based on the uniform assessment; and
4. Services provided in the program can reasonably be expected to improve the condition of the individual or prevent further regression.

Through this Program Attachment, HCBS-AMH aims to identify and assess eligible clients using the HCBS-AMH Uniform Assessment (UA) and determine each

individual's strengths, needs and the functional challenges to be addressed in transition to the community. Additionally, HCBS-AMH will contract to assist individuals with completion of HCBS-AMH consent forms prior to the administration of the HCBS-AMH Uniform Assessment and during the enrollment process if applicable.

 - d) reduce the funding amount for failure to 1) provide goods and services as described in this Contract or consistent with Contract performance expectations, 2) achieve or maintain the proposed level of service, 3) expend funds appropriately and at a rate that will make full use of the award, or 4) achieve local match, if required; and

Department will provide written notice to Contractor of Department's decision. The following Electronic and Information Resources (EIR) requirements apply to the Contract because the Contractor performs services that include EIR that DSHS employees are required or permitted to access or members of the public are required or permitted to access.

This Section does not apply to incidental uses of EIR in the performance of the Agreement, unless the Parties agree that the EIR will become property of the State of Texas or will be used by HHSC's clients or recipients after completion of the Agreement.

Nothing in this section is intended to prescribe the use of particular designs or technologies or to prevent the use of alternative technologies, provided they result in substantially equivalent or greater access to and use of a Product.

b. Definitions.

For purposes of this Section:

“**Accessibility Standards**” means accessibility standards and specifications for Texas agency and institution of higher education websites and EIR set forth in 1 TAC Chapter 206 and/or Chapter 213.

“**Electronic and Information Resources**” means information resources, including information resources technologies, and any equipment or interconnected system of equipment that is used in the creation, conversion, duplication, or delivery of data or information. The term includes telephones and other telecommunications products, information kiosks, transaction machines, Internet websites, multimedia resources, and office equipment, including copy machines and fax machines.

“**Electronic and Information Resources Accessibility Standards**” means the accessibility standards for electronic and information resources contained in 1 Tex.Admin. Code Chapter 213.

“**Product**” means information resources technology that is, or is related to, EIR.

“**Web Site Accessibility Standards/ Specifications**” means standards contained in Volume 1 Tex. Admin. Code Chapter 206(c) Accessibility Requirements.

Under Tex. Gov’t Code Chapter 2054, Subchapter M, and implementing rules of the Texas Department of Information Resources, DSHS must procure Products and services that comply with the Accessibility Standards when those Products are available in the commercial marketplace or when those Products are developed in response to a procurement solicitation. Accordingly, Contractor must provide electronic and information resources and associated Product documentation and technical support that comply with the Accessibility Standards.

c. Evaluation, Testing, and Monitoring.

1. DSHS may review, test, evaluate and monitor Contractor’s Products and services, as well as associated documentation and technical support for compliance with the Accessibility Standards. Review, testing, evaluation and monitoring may be conducted before and after the award of a contract. Testing and monitoring may include user acceptance testing. Neither the review, testing (including acceptance testing), evaluation or monitoring of any Product or service, nor the absence of review, testing, evaluation or monitoring, will result in a waiver of the State’s right to contest the Contractor’s assertion of compliance with the Accessibility Standards.
2. Contractor agrees to cooperate fully and provide DSHS and its representatives timely access to Products, records, and other items and information needed to conduct such review, evaluation, testing, and monitoring.

d. Representations and Warranties.

1. Contractor represents and warrants that:
 - i. As of the Effective Date of the Contract, the Products and associated documentation and technical support comply with the Accessibility Standards as they exist at the time of entering the Agreement, unless and to the extent the Parties otherwise expressly agree in writing; and

- ii. If the Products will be in the custody of the state or an DSHS' client or recipient after the Contract expiration or termination, the Products will continue to comply with Accessibility Standards after the expiration or termination of the Contract Term, unless DSHS or its clients or recipients, as applicable, use the Products in a manner that renders it noncompliant.
2. In the event Contractor becomes aware, or is notified that the Product or service and associated documentation and technical support do not comply with the Accessibility Standards, Contractor represents and warrants that it will, in a timely manner and at no cost to DSHS, perform all necessary steps to satisfy the Accessibility Standards, including remediation, replacement, and upgrading of the Product or service, or providing a suitable substitute.
3. Contractor acknowledges and agrees that these representations and warranties are essential inducements on which DSHS relies in awarding this Contract.
4. Contractor's representations and warranties under this subsection will survive the termination or expiration of the Contract and will remain in full force and effect throughout the useful life of the Product.

e. Remedies.

1. Under Tex. Gov't Code § 2054.465, neither the Contractor nor any other person has cause of action against DSHS for a claim of a failure to comply with Tex. Gov't Code Chapter 2054, Subchapter M, and rules of the Department of Information Resources.
2. In the event of a breach of Contractor's representations and warranties, Contractor will be liable for direct, consequential, indirect, special, or liquidated damages and any other remedies to which DSHS may be entitled under this Contract and other applicable law. This remedy is cumulative of any other remedies to which DSHS may be entitled under this Contract and other applicable law.

Section 14.20 Force Majeure. Neither Party shall be liable for any failure or delay in performing all or some of its obligations, as applicable, under this Contract if such failure or delay is due to any cause beyond the reasonable control of such Party, including, but not limited to, extraordinarily severe weather, strikes, natural disasters, fire, civil disturbance, epidemic, war, court order or acts of God. The existence of any such cause of delay or failure shall extend the period of performance in the exercise of reasonable diligence until after the cause of the delay or failure no longer exists and, if applicable, for any reasonable period of time thereafter required to resume performance. A Party, within a period of time reasonable under the circumstances, must inform the other party as soon as practicable. This Party must also submit written notice with proof of receipt of the existence of a force majeure event or otherwise waive the right as a defense to non-performance.

Section 14.21 Cooperation and Communication.

Contractor shall cooperate with Department staff and as applicable, other DSHS contractors and shall promptly comply with requests from DSHS for information or responses to DSHS inquiries concerning Contractor's duties or responsibilities under this Contract.

In the event that any policy is determined to be deficient to comply with the terms of this Contract, Contractor shall

secure such additional policies or coverage as DSHS may reasonably request or that are required by law or regulation.
