Nothing in this section is intended to prescribe the use of particular designs or technologies or to prevent the use of alternative technologies, provided they result in substantially equivalent or greater access to and use of a Product.

 - ii. If the Products will be in the custody of the state or a System Agency's client or

recipient after the Contract expiration or termination, the Products will continue to comply with Accessibility Standards after the expiration or termination of the Contract Term, unless the System Agency or its clients or recipients, as applicable, use the Products in a manner that renders it noncompliant.

2. In the event Performing Agency becomes aware, or is notified that the Product or service and associated documentation and technical support do not comply with the Accessibility Standards, Performing Agency represents and warrants that it will, in a timely manner and at no cost to the System Agency, perform all necessary steps to satisfy the Accessibility Standards, including remediation, replacement, and upgrading of the Product or service, or providing a suitable substitute.

2. In the event of a breach of Performing Agency's representations and warranties, Performing Agency will be liable for direct, consequential, indirect, special, or liquidated damages and any other remedies to which the System Agency may be entitled under this Contract and other applicable law.
