Attachment A: Statement of Work Aging and Disability Resource Centers (ADRC) Program

1 Overview

Aging and Disability Resource Centers (ADRCs) support the Texas “No Wrong Door” system, which is designed to streamline public access to long-term care and make it easier for individuals to navigate the complex system of services offered by government agencies, non-profit organizations, and other service providers. ADRCs provide objective information and assistance to help clients understand available options and make informed decisions about healthcare, housing, transportation, and other long-term services and supports (LTSS) they may need to live in their communities.

ADRC contract award requires implementation of a person-centered service delivery model that takes into consideration an individual’s goals, strengths, and preferences. Services are provided in a way that promotes the independence and dignity of the client, while exploring the full range of available LTSS options to meet the client’s identified needs or situation. This approach empowers individuals and their caregivers to make informed choices about their long-term care.

ADRCs serve all individuals and their families, regardless of age, income, and disability. Services are targeted to the following specific populations:

- Individuals who are older;
- Individuals with intellectual disabilities, developmental disabilities, physical disabilities, and/or chronic diseases or conditions;
- Family caregivers;
- Veterans;
- Families with children who have special needs; and
- Other individuals planning for future LTSS needs.

The Contractor must ensure sufficient capacity to provide all the following core services:

- A. *Specialized Information, Referral and Assistance (IR&A)* – ADRCs provide individuals up-to-date information on the LTSS services and resources available to them in their communities. IR&A specialists use a person-centered approach to assess the capacities and challenges of clients and provide objective information and assistance to help them make informed decisions about their long-term care needs. (See Section 4 for additional requirements.)
- B. *Referral to Respite Care services* – Respite care supports families caring for an individual of any age with a chronic health condition or a disability. It allows caregivers to take a break while a provider cares for their loved ones. ADRCs assess caregivers’ eligibility for services and provide referrals to community providers for respite care and other services that support caregivers. (See Section 4 for additional requirements.)
- C. *Local Contact Agency functions* – As the Local Contact Agency (LCA), ADRCs provide transition planning and person-centered options counseling to assist non-Medicaid, Medicare, and private-pay nursing facility residents who need assistance transitioning into community

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

living. LCA services are more in-depth and usually require follow-up sessions with clients to ensure they are meeting their goals. (See Section 4 for additional requirements.)

- D. *Housing Navigation activities* – ADRC Housing Navigation activities focus on opportunities to increase accessible, integrated and affordable housing in the local area. ADRC staff must maintain inventories of available housing in their areas, participate in local coalitions that advocate for affordable housing, and develop and maintain working relationships with key stakeholders, including housing authorities, property owners, developers, and state and local lawmakers. In addition, housing navigation staff analyze complex housing policies and plans, and provide public input to city planners and other policy makers. (See Section 4 for additional requirements.)
- E. *Outreach and education activities under the Medicare Improvements for Patients and Providers Act (MIPPA)* – ADRCs facilitate and participate in community events to provide outreach and education to Medicare beneficiaries, particularly those with limited incomes who may be eligible for the Low-Income Subsidy program (LIS), Medicare Savings Program (MSP), and Medicare Prescription Drug Coverage (Part D). Outreach activities must also provide information on disease prevention and promotion of wellness. (See Section 4 for additional requirements.)
- F. *Pilot programs and local initiatives that target underserved populations* – ADRCs also may provide other programs or services that meet the unique needs of their communities and complement required ADRC programs (e.g., programs targeting veterans, Native American, refugee, non-English speaking populations, etc.).

2 ADRC Infrastructure

The Contractor will maintain a physical ADRC location accessible to the public Monday through Friday during the hours of 8:00 a.m. to 5:00 p.m. in the local time zone, except on national and state holidays, as established in section 662.003 of the Texas Government Code.

The Contractor may observe other holidays if written notice is provided to HHSC thirty (30) calendar days in advance of the holiday.

2.2 Computer Equipment

The Contractor must have a computer with an internet connection available for public use to assist walk-in clients who wish to complete the online “Your Texas Benefits” application. Completion of the application enables clients to learn about the federal and state benefits and support services for which they may be eligible (see <https://www.yourtexasbenefits.com/>).

The computer may be used by other staff members when not in use by the public, provided security requirements are maintained.

2.3 Data System

Attachment A: Statement of Work Aging and Disability Resource Centers (ADRC) Program

- A. Adequately track, maintain, and protect client referral and services information to ensure operational efficiency and effectiveness.

- C. Have adequate electronic back-up systems, schedules, and procedures, as well as virus protection software that is continually updated to prevent the loss or corruption of system data.

HHSC reserves the right to require ADRCs to utilize a common information management system provided by HHSC to standardize data collection and reporting.

The Contractor must have access to a comprehensive resource database that provides current and accurate information regarding service providers and services that may assist the ADRC target population. (The 2-1-1 database is one example of an acceptable resource database.) The Contractor will be responsible for arranging any agreement for shared database usage. Notification to HHSC is required if the Contractor enters into an agreement with another HHSC contractor for shared database usage. The Contractor must submit to HHSC a letter of commitment indicating its intent to enter into a formal agreement with a database provider if the Contractor intends to contract for the database service.

The Contractor must also develop and maintain a complementary database of services and resources specific to the local ADRC service area and target populations.

The Contractor will develop and implement security systems and procedures to safeguard all confidential information in accordance with the Data Use Agreement (DUA) contained in **Attachment I – Data Use Agreement and Security and Privacy Inquiry**. Additionally, the Contractor will require each of its sub-recipients (if applicable) to sign the sub-Contractor agreement referenced in the DUA.

- E. Effective internal control shall involve a division of responsibility among different employees for a sequence of related functions, clear establishment of each employee's responsibilities and duties, and use of standards such as procurement policies, proofs, checks, and other security measures.
- F. The requirements above are in support of the Contractor's submission of the **Contract Monitoring Questionnaire (CMQ)** which is due to HHSC within thirty (30) calendar days after contract execution and annually thereafter no less than sixty (60) calendar days prior to the end of each state fiscal year.

The Contractor must establish a process for notifying HHSC within five (5) business days of such situations and developing strategies to address the issue.

2.7.2 Call Rolling or Call Transferring

The Contractor shall not transfer the responsibility of answering calls received through the ADRC toll-free phone line to other entities without a subcontracting agreement in place.

- A. Prior to subcontracting the responsibility of answering calls, the Contractor must submit the name of the potential sub-recipient to HHSC along with the Contractor's plan to ensure the sub-recipient meets the requirements of the contract.
- B. HHSC will approve or reject the potential sub-recipient and will notify the Contractor of its decision.

Thereafter, the Contractor must submit a list of the names and stakeholder designations of their local advisory group members within sixty (60) calendar days prior to the end of each operational year of the contract and sixty (60) days before a change in the list becomes effective.

5 Provision of Core Services

ADRCs play an important role in connecting people who need assistance with long-term care to the resources and services available in their communities. All services must be provided using a person-centered approach that promotes individual choice and self-determination.

5.1 Information, Referral and Assistance Services

ADRC Information, Referral and Assistance (IR&A) specialists must have a comprehensive understanding of the services available in their communities to help simplify access for individuals in need. They must use a person-centered, participant-directed approach to actively engage individuals, promote individual choice, and provide appropriate information and referrals.

- A. IR&A specialists will have the knowledge and skills to ask individuals questions to determine and clarify their LTSS needs and may engage in problem solving to identify alternative strategies that may be helpful.
- B. IR&A specialists will provide clients objective information about available resources to empower them to make informed decisions about their own care.
- C. To ensure adequate coverage of ADRC operations, the Contractor shall provide at least one staff person to answer the ADRC toll-free phone line during the hours of operation identified in Section 2.1. Calls must not be automatically forwarded to voicemail, unless it is between the hours of 12:00 p.m. to 1:00 p.m., before or after the required operating hours shown in Section 2.1, or during emergency closures.

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

- D. The Contractor shall make every effort to have a staff person answering calls from 12:00 p.m. to 1:00 p.m. but may use voicemail during this time period.
- E. At least one staff person must be available to receive walk-in clients during the hours of operation identified in Section 2.1. The staff person responsible for assisting walk-ins may have other duties, but ADRC walk-ins must be at least one individual's first priority.
- F. The Contractor must establish policies and procedures to accommodate individuals who require a scheduled in-person meeting during the time period of 12:00 p.m. to 1:00 p.m.

The Contractor's performance will be measured by the percentage of calls to the ADRC answered by a staff person or terminating in voicemail that received a response by the next business day from when the call was originally received. At least 90 percent of ADRC calls should be answered by a staff person or, if not answered by a staff person, a response to a voicemail should be provided the next business day from when the call was originally received.

Please see Section 9 for more detailed information regarding performance and data reporting requirements.

5.2 Texas Lifespan Respite Care Program Services

The Texas Lifespan Respite Care Program (TLRCP) was initiated by the 81st Legislature to increase the availability of respite services for family members who care for a person of any age with a chronic serious health condition or disability, and who needs assistance with one or more activities of daily living. TLRCP offers short-term respite care services to provide a brief period of relief or rest for eligible caregivers. Services are targeted toward the needs of each caregiver and can be in the form of in-home or out-of-home respite care. Other allowable activities include outreach and education events, volunteer training, and other caregiver support activities.

5.2.1 TLRCP Eligibility

TLRCP-eligible caregivers are those individuals not eligible for or not able to participate in any other existing program that provides respite services. Caregivers who actively receive respite through Local Intellectual and Developmental Disability Authorities (LIDDAs), Area Agency on Aging (AAAs) caregiver support programs, Medicaid waiver programs, or other resources, are not eligible to receive respite services under TLRCP. However, consideration will be given to those caregivers who are on waitlists for the above respite programs or who have reached the maximum limit and/or duration of services.

Caregivers must be related to the care recipients within the second degree of consanguinity or affinity. The following family caregivers are eligible to participate in the TLRCP:

- A. Spouses;

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

- B. Parents, parents-in-law, step-parents, and foster parents;
- C. Adult children, children-in-law, and step-children;
- D. Siblings, siblings-in-law, and step-siblings;
- E. Adult grandchildren, grandchildren-in-law, and step-grandchildren; and
- F. Grandparents, grandparents-in-law, and step-grandparents (caring for children).

5.2.2 TLRCP Service Provision

The Contractor must develop a project plan for providing TLRCP services that details the processes for:

- A. Maintaining and providing information to individuals regarding available respite services;
- B. Assessing caregiver eligibility for participation in the TLRCP program;
- C. Connecting caregivers participating in the program with available respite services;
- D. Encouraging caregivers to complete the Caregiver Experience Survey;
- E. Building partnerships with respite service providers in the ADRC service area; and
- F. Conducting public awareness activities regarding available respite services.

This plan must be submitted within sixty (60) days after contract execution and within sixty (60) calendar days prior to the end of each state fiscal year.

5.2.3 TLRCP Data and Performance Reporting

The Contractor will track required data, including:

- A. Caregiver and care recipient demographic data;
- B. Service settings for respite care;
- C. Total hours of respite services provided per caregiver;
- D. Total cost for respite services provided per caregiver;
- E. Dates of respite service provided per caregiver; and
- F. Other data as required by HHSC.

The Contractor will submit quarterly reports to HHSC detailing the activities implemented in support of the TLRCP function (see Section 9 for detailed requirements).

5.3 Local Contact Agency Services

The Local Contact Agency (LCA) program is a key component of the Money Follows the Person (MFP) initiative funded by the Centers for Medicare and Medicaid Services (CMS). ADRCs are the point of contact for nursing facilities, hospitals, intermediate-care facilities, and other partners to refer non-Medicaid individuals interested in exploring the possibility of

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

transitioning from the facility to community-based living. ADRC “Options Counselors” play a pivotal role in helping interested residents explore community living options and available long-term services and supports to help residents realize their goals.

5.3.1 LCA Service Provision

As the LCA point of contact, the Contractor will:

- A. Provide options counseling services to the non-Medicaid individuals referred to the ADRC. Options counseling is a more in-depth service in which ADRC staff work with individuals to develop an LCA Action Plan using the HHSC prescribed format. The Plan will:
 - 1. Document the individual’s preferences and goals for transitioning to the community;
 - 2. Identify the individual’s strengths, needs, and cultural preferences, as well as the exploration of options available to the individual, and specific activities or decisions that may impact the individual’s stated goals;
 - 3. Identify specific challenges related to the individual’s choices and potential options;
 - 4. Identify the formal and informal supports the individual will need to successfully transition and remain in the community;
 - 5. Identify specific ideas and back-up plans for mitigating potential challenges;
 - 6. Indicate the date(s) when ADRC staff will follow up with the individual to assess progress toward the identified goals; and
 - 7. Document follow-up activities to assess progress and address any issues that may impede transition.
- B. Serve as a resource for hospital and nursing facility discharge planners and make referrals to the LIDDA for individuals who are identified as potentially having an intellectual disability or related condition.
- C. Strengthen coordination between other ADRCs, Ombudsmen, relocation Contractors, AAAs, Centers for Independent Living, LIDDAs, local mental and behavioral health authorities, HHSC regional community services offices, managed care organizations, and other partner agencies.
- D. Enhance existing community resources to serve Medicare, non-Medicaid, and private pay individuals, including developing relationships with service providers that can help meet the needs of individuals transitioning out of nursing facilities.

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

- E. Create media or other publications for community outreach and education that support the objectives of the LCA function.

5.3.2 LCA Performance Reporting

The Contractor will submit quarterly reports to HHSC detailing the activities implemented in support of the LCA function (see Section 9 for detailed requirements).

5.4 Housing Navigation Program

One of the primary reasons individuals are unable to relocate from a nursing facility (or similar institution) into a community setting is the lack of affordable, accessible, and integrated housing. Housing Navigation, another key program under the MFP initiative, enables ADRCs to focus on opportunities to increase the availability of affordable, accessible, and integrated housing options for individuals transitioning from an institutional setting to the community, as well as other individuals with housing needs.

5.4.1 Housing Navigation Service Provision

The Contractor will perform the following activities in support of the housing navigation function:

- A. Create and regularly update an inventory of independent integrated, accessible, and affordable housing options within each county of the ADRC's service region. The ADRC must research and utilize existing inventories from the Texas Department of Housing and Community Affairs and the U.S. Department of Housing and Urban Development when developing and maintaining this inventory.
- B. Advocate for necessary changes in housing policies, practices, and procedures that will help expand housing opportunities for older adults, persons with disabilities (including, but not limited to, persons with disabilities transitioning from institutions, persons with intellectual and developmental disabilities, and persons with behavioral health disabilities), and homeless individuals. This includes conducting outreach activities to state and local officials and policy makers to educate them on the challenges of ensuring affordable, accessible, and integrated housing for these vulnerable populations.
- C. Contribute to the development of affordable, accessible, and integrated housing for individuals with disabilities by reviewing and providing written comment on local Consolidated Plans, local Public Housing Authority administrative plans, Low Income Housing Tax Credit Program applications, local Community Development Block Grants, and other complex housing policies and plans at the state and local levels.
- D. Initiate or participate in local coalitions consisting of community members who will work toward increasing affordable, accessible, and integrated housing.

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

- E. Provide support to ADRC Local Contact Agency staff, Managed Care Organization (MCO) Relocation Contractors/Specialists, Local Mental Health Authorities, Local Behavioral Health Authorities, Local Intellectual and Developmental Disability Authorities, and Local Homeless Coalitions/Continuums of Care working in the ADRC's service area.
- F. Develop and maintain working relationships with the local public housing authorities that represent each of the counties within the ADRC service area.
- G. Develop and maintain working relationships with housing developers, landlord associations, property managers, and other housing providers to address local needs for accessible, affordable and integrated housing.
- H. Attend HHSC Community Transition Team (CTT) meetings, if held in the ADRC's local area.
- I. Provide verbal and written testimony during state, city, and county hearings and meetings regarding the housing needs of people with disabilities and older adults.
- J. Track the number of individuals provided housing referrals, as well as how many of those individuals were successful in finding placements.

5.4.2 Housing Navigation Performance Reporting

The Contractor will submit quarterly reports to HHSC detailing the activities implemented in support of the Housing Navigation function (see Section 9 for detailed information).

5.5 Medicare Improvements for Patients and Providers Act Services

Activities under the Medicare Improvements for Patients and Providers Act (MIPPA) grant will focus on outreaching individuals to inform them about the benefits available under Medicare Part D, the Medicare Savings Program (MSP), and the Low-Income Subsidy (LIS). In addition, ADRCs will provide outreach and education on disease prevention and promotion of wellness. Target populations include Medicare beneficiaries with limited incomes and those in rural areas.

The Contractor agrees to fulfill any additional ADRC roles required by HHSC and responsibilities related to MIPPA grant funding.

5.5.1 MIPPA Services Provision

The Contractor will conduct the following MIPPA activities in the local service area:

- A. Outreach and assistance efforts for all Medicare beneficiaries who may be eligible for LIS and/or MSP programs, with a focus on both rural and limited income Medicare beneficiaries.

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

- B. Outreach and education activities related to preventing disease and promoting wellness through Medicare Preventive Benefits awareness.
- C. Outreach related to Medicare Part D.
- D. Assistance to beneficiaries applying for benefits.

5.5.2 MIPPA Performance Reporting

The Contractor will submit mid-year and year-end reports to HHSC detailing the activities implemented in support of the MIPPA program (see Section 9 for detailed information).

6 Community Outreach and Education

Community outreach and education is important to ensuring target populations, local partners, and other stakeholders are aware of ADRC services and options for community-based LTSS, including available consumer-directed options. Each of the core services requires some form of outreach, which is typically conducted through participation in community events, facilitation of training workshops, development of brochures and other media, on-site visits to partner sites, and other activities.

- A. The Contractor must conduct outreach and education activities that specifically target:
 - 1. Underserved populations in the service region, including veterans, family caregivers, children and youth with disabilities, non-Medicaid eligible individuals, and other individuals who may experience challenges accessing services; and
 - 2. Professionals in partner agencies and other stakeholder organizations that may make referrals to the ADRC and to whom the ADRC may refer clients (e.g., area LTSS and respite providers, managed care organizations, nursing facilities, housing coalitions, etc.).
- B. For each outreach and education event, the Contractor must maintain records that include:
 - 1. Event type;
 - 2. Date and location of the event;
 - 3. Targeted populations; and
 - 4. Number of individuals attending the event.

In addition, the Contractor must submit to HHSC a request for approval of all outreach items before costs can be incurred.

6.1 Administration of the LTSS Screen

The LTSS Screening Questionnaire was developed under the Balancing Incentive Program (BIP) initiative to provide a common tool for intake staff to use with clients who are trying to obtain long-term services in their communities. ADRCs can access the Screening

Attachment A: Statement of Work Aging and Disability Resource Centers (ADRC) Program

Questionnaire through the LTSS Portal. By completing the questionnaire in the portal, referrals can be generated for the individual based on the responses provided. These referrals go to other agencies within the HHSC system that may be able to assist the individual in meeting their needs.

The questions included in the LTSS Screening Questionnaire are also contained in the YourTexasBenefits.com online application for individuals who choose to use the website to apply for services. Their responses will determine the services the individuals may be eligible for and the system will generate automatic referrals to the agencies that may be of assistance.

ADRCs will receive LTSS referrals through the LTSS portal that are generated in response to client input on the YourTexasBenefits.com online application or from other agencies within the HHSC system that completed a Screening Questionnaire on behalf of a client. ADRCs are required to receive these referrals and make a good faith effort to contact the individual referred within five business days, provided there is a phone number associated with the referral. Contractors will be required to report the number of LTSS referrals received and the number of valid LTSS referrals to which they responded.

The Contractor may choose to use the LTSS Screening Questionnaire as part of its business process to evaluate the LTSS needs of individuals seeking services and supports. The tool may be helpful when the individual:

- A. Is at risk for nursing facility placement;
- B. Has lost their primary caregiver or is at risk of losing their caregiver;
- C. May need services from more than one LTSS program; or
- D. Has complex LTSS needs, such as multiple disabilities or chronic health issues that may require several different types of care or assistance.

6.2 Other Required Activities

HHSC may request the Contractor's participation in other appropriate community activities. The Contractor must comply with the standards and reporting requirements for all federal grants requiring ADRC participation or grants through which the ADRC receives funds. Contractors must also collaborate with the AAA in their region on local initiatives and grant opportunities, as appropriate.

7 Quality Monitoring

The Contractor must maintain a plan for monitoring the quality of services provided by ADRC staff. The plan must explain:

- A. The processes used to assess the overall quality of each of the core services provided by ADRC staff, including: IR&A, Respite, LCA, Housing Navigator, MIPPA, and Community Outreach and Education services. Identify and include any metrics used in these processes.

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

- B. The process for implementing person-centered assistance and client-directed service concepts and methodologies. ADRC staff are required to use this approach and encourage it among partner agencies through cross-training and participation in state-level trainings, as prescribed.
- C. The process for assisting individuals with food, cash, and healthcare assistance benefits applications submitted through the “Your Texas Benefits” website.

Any changes to the Quality Monitoring Plan must be submitted to HHSC at least 30 business days before a change becomes effective.

At any time during the contract period HHSC may prescribe additional methods for ensuring quality services, which must be implemented by the Contractor.

7.1 Contract Monitoring Questionnaire

The Contractor must comply with all applicable cost principles, audit requirements, and administrative requirements listed under terms and conditions. To ensure compliance with these requirements, HHSC utilizes a risk-based contract monitoring system. The Contract Monitoring Questionnaire (CMQ) is part of the risk evaluation process and provides detailed information regarding internal controls and other general processes important to contracting. The Contractor must submit the initial CMQ within thirty (30) calendar days after contract execution or by the date specified by HHSC, and annually thereafter within sixty (60) calendar days prior to the end of each state fiscal year.

7.2 Client Feedback

The Contractor must maintain a plan explaining the process by which individuals seeking assistance from the ADRC can provide feedback about the services they received. The plan must be submitted annually to HHSC for approval, and must address:

- A. The method used to document and track client feedback.
- B. The process for identifying and communicating to HHSC any unmet client needs so the ADRC can work in collaboration with HHSC to address them.
- C. The procedure for notifying HHSC within 10 business days of any complaint against the ADRC or any ADRC staff. The notification must include the following:
 - 1. Contact name and other identifying information;
 - 2. Date contact received;
 - 3. Method of receipt (fax, phone, email, etc.);
 - 4. Reason for contact (in line with standard definitions developed by Health and Human Services Office of the Ombudsmen);

Attachment A: Statement of Work
Aging and Disability Resource Centers (ADRC) Program

5. Details to isolate potential trends such as location or particular service;
6. Resolution actions;
7. Date of resolution. If the complaint is not resolved within 10 business days, the Contractor must notify HHSC of the resolution upon the final communication with the client;
8. Determination of whether complaints are substantiated or not; and
9. Record of final communication with the customer, including date and method.

If, after a good faith effort by the ADRC to resolve the complaint, the complaint has not been resolved to the customer's satisfaction, the ADRC must provide the customer the following contact information for the HHSC Office of Ombudsman:

Health and Human Services Commission
Office of the Ombudsman

HHSC reserves the right to change the client feedback process and may require any feedback to be directed to HHSC staff in addition to the ADRC.

8 Invoicing

The Contractor shall invoice HHSC in accordance with the Contract. Unless otherwise specified in the Contract, the Contractor shall submit requests for reimbursement monthly by the twentieth (20th) business day of the month following the month in which expenses were incurred or services provided. Requests for reimbursements must be made for the month of service provision with the exception of certain items related to operational costs, community outreach, and staff development. Such expenses may include but are not limited to: subscriptions, computer software, memberships, prepaid outreach materials, etc.

Within the timeframes and standards established in the contract and HHSC policy, the Contractor will submit an invoice, also known as the Request for Reimbursement (RfR), and documentation supporting the provision of services via email to ADRC_SAR_VAR@hhsc.state.tx.us. The following naming convention shall be used for the subject line of the email and the RfR document file: "Legal Entity Name.Invoice #. Month Year." For example, an invoice submitted

Attachment A: Statement of Work

- E. The service dates for when the services were rendered;
- F. A description of services provided;
- G. The amount requested;
- H. The P.O. Number; and

The Contractor must use the RfR template provided by HHSC to identify costs being requested from HHSC. Costs must be broken out to a degree that is sufficient to determine if costs are reasonable, allowable, and necessary for the successful performance of the project, as indicated in Title 2, CFR, Part 200, and the Uniform Grant Management Standards (UGMS). RfR supporting documentation may include but is not limited to: invoices, receipts, payroll documentation, subcontractor payment information, travel reimbursement requests, operational and equipment costs, etc. All supporting documentation must be organized by funding source and clearly labeled upon submission.

All invoices must be submitted in accordance to the standards set forth in TAC §20.487. Disputed invoices will be immediately returned to the Contractor no later than the 21st day after the invoice is received. HHSC may accept a partial delivery of services and an invoice for payment of the portion of the services delivered. All undisputed invoices will be paid in accordance to the standards set forth in TAC §20.488.

The Contractor shall submit a revised budget and request approval for budgetary adjustments exceeding 25% of the total allocation within each funding source. Such requests must be submitted in 10 business days after determining the need for a budget adjustment.

At the completion of the contract period, final payment shall be based on the information provided by the Contractor within the time frame established by the contract or, if a timeline is not established within the contract, within sixty (60) days after the termination of the contract. This payment provision shall apply to final payment whether at the completion of the contract period or in the event of early contract termination.

implemented appropriate safeguards. This payment method will only be utilized in accordance with governing law, state and federal regulations, and at the sole discretion of the System Agency.

- B. Grantee shall bill the System Agency in accordance with the Contract. Unless otherwise specified in the Contract, Grantee shall submit requests for reimbursement or payment monthly by the last business day of the month following the month in which expenses were incurred or services provided. Any and all Work Product that is copyrightable under United States copyright law is deemed to be "work made for hire" owned by System Agency, as provided by Title 17 of the United States Code. To the extent that Work Product does not qualify as a "work made for hire" under applicable federal law, Grantee hereby irrevocably assigns and transfers to System Agency, its successors and assigns, the entire right, title, and interest in and to the Work Product, including any and all Intellectual Property Rights embodied therein or associated

therewith, and in and to all works based upon, derived from, or incorporating the Work Product, and in and to all income, royalties, damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of action, either in law or in equity for past, present or future infringement based on the copyrights, and in and to all rights corresponding to the foregoing. Grantee agrees to execute all papers and to perform such other property rights as System Agency may deem necessary to secure for System Agency or its designee the rights herein assigned. In the event that Grantee has any rights in and to the Work Product that cannot be assigned to System Agency, Grantee hereby grants to System Agency an exclusive, worldwide, royalty-free, transferable, irrevocable, and perpetual license, with the right to sublicense, to reproduce, distribute, modify, create derivative works of, publicly perform and publicly display, make, have made, use, sell and offer for sale the Work Product and any products developed by practicing such rights.

Grantee shall have written, binding agreements with its employees and subcontractors that include provisions sufficient to give effect to and enable Grantee's compliance with Grantee's obligations under this **Article VI**.

6.4 DELIVERY UPON TERMINATION OR EXPIRATION

No later than the first calendar day after the termination or expiration of the Contract or upon System Agency's request, Grantee shall deliver to System Agency all completed, or partially completed, Work Product, including any Incorporated Pre-existing Works, and any and all versions thereof. Grantee's failure to timely deliver such Work Product is a material breach of the Contract. Grantee will not retain any copies of the Work Product or any documentation or other products or results of Grantee's activities under the Contract without the prior written consent of System Agency.

6.5 SURVIVAL

The provisions and obligations of this **Article VI** survive any termination or expiration of the Contract.

ARTICLE VII. RECORDS, AUDIT, AND DISCLOSURE

7.1 BOOKS AND RECORDS

Grantee shall keep and maintain under GAAP or GASB, as applicable, full, true, and complete records necessary to fully disclose to the System Agency, the Texas State Auditor's Office, the United States Government, and their authorized representatives sufficient information to determine compliance with the terms and conditions of this Contract and all state and federal rules, regulations, and statutes. Unless otherwise specified in this Contract, Grantee shall maintain legible copies of this Contract and all related documents for a minimum of seven (7) years after the termination of the Contract period or seven (7) years after the completion of any litigation or dispute involving the Contract, whichever is later.

7.2 ACCESS TO RECORDS, BOOKS, AND DOCUMENTS

In addition to any right of access arising by operation of law, Grantee and any of Grantee's affiliate or subsidiary organizations, or Subcontractors shall permit the System Agency or any of its duly authorized representatives, as well as duly authorized federal, state or local authorities, unrestricted access to and the right to examine any site where business is conducted or services are performed, and all records, which includes but is not limited to financial, client and patient records, books, papers or documents related to this Contract. If the Contract includes federal funds, federal agencies that shall have a right of access to records as described in this section include: the federal agency providing the funds, the Comptroller General of the United States, the General Accounting Office, the Office of the Inspector General, and any of their authorized representatives. In addition, agencies of the State of Texas that shall have a right of access to records as described in this section include: the System Agency, HHSC, HHSC's contracted examiners, the State Auditor's Office, the Office of the Texas Attorney General, and any successor agencies. Each of these entities may be a duly authorized authority. Grantee must act to ensure its and its Subcontractors' compliance with all corrections necessary to address any finding of noncompliance with any law, regulation, audit requirement, or generally accepted accounting principle, or any other deficiency identified in any audit, review, or inspection of the Contract and the services and Deliverables provided. Any such correction will be at Grantee's or its Subcontractor's sole expense. Whether Grantee's action corrects the noncompliance shall be solely the decision of the System Agency.
- B. As part of the services, Grantee must provide to HHSC upon request a copy of those portions of Grantee's and its Subcontractors' internal audit reports relating to the services and Deliverables provided to the State under the Contract.

7.4 SAO AUDIT

- A. The state auditor may conduct an audit or investigation of any entity receiving funds from the state directly under the Contract or indirectly through a subcontract under the Contract. The acceptance of funds directly under the Contract or indirectly through a subcontract under the Contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. Under the direction of the legislative audit committee, an entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.
- B. Grantee shall comply with any rules and procedures of the state auditor in the implementation and enforcement of Section 2262.154 of the Texas Government Code.

7.5 CONFIDENTIALITY

Grantee shall maintain as confidential, and shall not disclose to third parties without System Agency's prior written consent, any System Agency information including but not limited to System Agency's business activities, practices, systems, conditions and services. This section will survive termination or expiration of this Contract.

The System Agency may terminate the Contract at any time when, in its sole discretion, the System Agency determines that termination is in the best interests of the State of Texas. The termination will be effective on the date specified in HHSC's notice of termination. The System Agency's right to terminate the Contract for convenience is cumulative of all rights and remedies which exist now or in the future.

8.3 TERMINATION FOR CAUSE

Except as otherwise provided by the U.S. Bankruptcy Code, or any successor law, the System Agency may terminate the Contract, in whole or in part, upon either of the following conditions:

i. **Material Breach**

The System Agency will have the right to terminate the Contract in whole or in part if the System Agency determines, in its sole discretion, that Grantee has materially breached the Contract or has failed to adhere to any laws, ordinances, rules, regulations or orders of any public authority having jurisdiction and such violation prevents or substantially impairs performance of Grantee's duties under the Contract. Grantee's misrepresentation in any aspect of Grantee's Solicitation Response, if any, or Grantee's addition to the Excluded Parties List System (EPLS) will also constitute a material breach of the Contract.

ii. **Failure to Maintain Financial Viability**

The System Agency may terminate the Contract if, in its sole discretion, the System Agency has a good faith belief that Grantee no longer maintains the financial viability required to complete the services and Deliverables, or otherwise fully perform its responsibilities under the Contract.

Grantee shall provide evidence of insurance as required under this Contract, including a schedule of coverage or underwriter's schedules establishing to the satisfaction of the System Agency the nature and extent of coverage granted by each such policy, upon request by the System Agency. In the event that any policy is determined by the System Agency to be deficient to comply with the terms of this Contract, Grantee shall secure such additional policies or coverage as the System Agency may reasonably request or that are required by law or regulation. If coverage expires during the term of this Contract, Grantee must produce renewal certificates for each type of coverage.

Grantee may not assign all or any portion of its rights under, interests in, or duties required under this Contract without prior written consent of the System Agency, which may be withheld or granted at the sole discretion of the System Agency. Except where otherwise agreed in writing by the System Agency, assignment will not release Grantee from its obligations under the Contract.
- B. Grantee understands and agrees the System Agency may in one or more transactions assign, pledge, or transfer the Contract. This assignment will only be made to another State agency or a non-state agency that is contracted to perform agency support.

9.7 INDEPENDENT CONTRACTOR

Grantee and Grantee's employees, representatives, agents, Subcontractors, suppliers, and third-party service providers shall serve as independent contractors in providing the services under the Contract. Neither Grantee nor System Agency is an agent of the other and neither may make any commitments on the other party's behalf. Should Grantee subcontract any of the services required in the Contract, Grantee expressly understands and acknowledges that in entering such subcontract(s), System Agency is in no manner liable to any Subcontractor(s) of Grantee. In no event shall this provision relieve Grantee of the responsibility for ensuring that the services performed under all subcontracts are rendered in compliance with the Contract. Grantee shall have no claim against System Agency for vacation pay, sick leave, retirement benefits, social security, worker's compensation, health or disability benefits, unemployment insurance benefits, or employee benefits of any kind. The Contract shall not create any joint venture, partnership, agency, or employment relationship between Grantee and System Agency.

9.8 TECHNICAL GUIDANCE LETTERS

In the sole discretion of the System Agency, and in conformance with federal and state law, the System Agency may issue instructions, clarifications, or interpretations as may be required during work performance in the form of a Technical Guidance Letter (TGL). A TGL must be in writing, and may be delivered by regular mail, electronic mail, or facsimile transmission. Any TGL issued by the System Agency will be incorporated into the Contract by reference for all purposes when it is issued.

- B. If a contract dispute arises that cannot be resolved to the satisfaction of the Parties, either Party may notify the other Party in writing of the dispute. If the Parties are unable to satisfactorily resolve the dispute within fourteen (14) days of the written notification, the Parties must use the dispute resolution process provided for in Chapter 2260 of the Texas Government Code to attempt to resolve the dispute. This provision will not apply to any matter with respect to which either Party may make a decision within its respective sole discretion.

9.10 GOVERNING LAW AND VENUE

The Contract shall be governed by and construed in accordance with the laws of the State of Texas, without regard to the conflicts of law provisions. The venue of any suit arising under the Contract is fixed in any court of competent jurisdiction of Travis County, Texas, unless the specific venue is otherwise identified in a statute which directly names or otherwise identifies its applicability to the System Agency.

9.11 SEVERABILITY

If any provision contained in this Contract is held to be unenforceable by a court of law or equity, this Contract shall be construed as if such provision did not exist and the non-

enforceability of such provision shall not be held to render any other provision or provisions of this Contract unenforceable.

9.12 SURVIVABILITY

Expiration or termination of the Contract for any reason does not release Grantee from any liability or obligation set forth in the Contract that is expressly stated to survive any such expiration or termination, that by its nature would be intended to be applicable following any such expiration or termination, or that is necessary to fulfill the essential purpose of the Contract, including without limitation the provisions regarding warranty, indemnification, confidentiality, and rights and remedies upon termination.

9.13 FORCE MAJEURE

Neither Grantee nor System Agency shall be liable to the other for any delay in, or failure of performance, of any requirement included in the Contract caused by force majeure. The existence of such causes of delay or failure shall extend the period of performance until after the causes of delay or failure have been removed provided the non-performing party exercises all reasonable due diligence to perform. Force majeure is defined as acts of God, war, fires, explosions, hurricanes, floods, failure of transportation, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such party is unable to overcome.

9.14 NO WAIVER OF PROVISIONS

The failure of the System Agency to object to or to take affirmative action with respect to any conduct of the Grantee which is in violation or breach of the terms of the Contract shall not be construed as a waiver of the violation or breach, or of any future violation or breach.

9.15 PUBLICITY

- A. Except as provided in the paragraph below, Grantee must not use the name of, or directly or indirectly refer to, the System Agency, the State of Texas, or any other State agency in any media release, public announcement, or public disclosure relating to the Contract or its subject matter, including in any promotional or marketing materials, customer lists, or business presentations.
- B. Grantee may publish, at its sole expense, results of Grantee performance under the Contract with the System Agency’s prior review and approval, which the System Agency may exercise at its sole discretion. Any publication (written, visual, or sound) will acknowledge the support received from the System Agency and any Federal agency, as appropriate.
- C. Contractor is prohibited from using the Work for any Contractor or third party marketing, advertising, or promotional activities, without the prior written consent of System Agency. The foregoing prohibition includes, without limitation, the placement of banners, pop-up ads, or other advertisements promoting Contractor’s or a third party’s products, services, workshops, trainings, or other commercial offerings on any website portal or internet-based service or software application hosted or managed by Contractor as part of the Work.

9.16 PROHIBITION ON NON-COMPETE RESTRICTIONS

Grantee shall not require any employees or Subcontractors to agree to any conditions, such as non-compete clauses or other contractual arrangements that would limit or restrict such persons or entities from employment or contracting with the State of Texas.

9.17 NO WAIVER OF SOVEREIGN IMMUNITY

Nothing in the Contract will be construed as a waiver of the System Agency’s or the State’s sovereign immunity. This Contract shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the System Agency or the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the System Agency or the State of Texas under the Contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel. System Agency does not waive any privileges, rights, defenses, or immunities available to System Agency by entering into the Contract or by its conduct prior to or subsequent to entering into the Contract.

9.18 ENTIRE CONTRACT AND MODIFICATION

The Contract constitutes the entire agreement of the Parties and is intended as a complete and exclusive statement of the promises, representations, negotiations, discussions, and other agreements that may have been made in connection with the subject matter hereof. Any additional or conflicting terms in any future document incorporated into the Contract will be harmonized with this Contract to the extent possible.

9.19 COUNTERPARTS

This Contract may be executed in any number of counterparts, each of which will be an original, and all such counterparts will together constitute but one and the same Contract.

ARTICLE 2. SCOPE OF GRANT AWARD

2.1 DESCRIPTION OF SERVICES

2.1.1 Program Background

ADRCs support the Texas “No Wrong Door” system, an original federal initiative, which is designed to streamline public access to long-term care and make it easier for individuals to navigate the complex system of services offered by government agencies, non-profit organizations, and other service providers. Understanding the available options and making decisions about healthcare, housing, transportation, and other long-term services and supports (LTSS) can be overwhelming; however, ADRCs provide objective information and assistance to help clients access the care they need to live in their communities.

2.1.2 Service Delivery

ADRCs use a person-centered service delivery model that takes into consideration an individual’s goals, strengths, and preferences. Services are provided in a way that promotes the independence and dignity of the client, while exploring the full range of available LTSS options to meet the client’s identified needs or situation. This approach empowers individuals and their caregivers to make informed choices about their long-term care.

In addition, ADRCs are expected to operate with a level of flexibility that allows them to assume new projects, duties, and responsibilities as opportunities are identified. ADRCs will be expected to work collaboratively with other HHSC funded programs (i.e., Area Agencies on Aging) to streamline resources and provide comprehensive assistance to consumers.

2.2 GRANT AWARD AND TERM

2.2.1 Available Funding

The estimated total amount of funding available for the ADRC program is **SIX MILLION FIVE HUNDRED FORTY-SIX THOUSAND TWO HUNDRED EIGHTY-SIX DOLLARS (\$6,546,286.00)** per year for a maximum total of **THIRTY-TWO MILLION SEVEN HUNDRED THIRTY-ONE THOUSAND FOUR HUNDRED THIRTY DOLLARS (\$32,731,430.00)** for five (5) years.

It is HHSC's intention to make multiple awards. The estimated amounts of funding available for each ADRC region and the funding sources are identified in **Exhibit E, ADRC Regions and Funding Estimates.**

Reimbursement will only be made for those allowable expenses that occur within the term of the grant. No pre-award spending will be allowed. The total amounts listed above include the initial two (2) year term, from **September 1,**

2019, through August 31, 2021, with the option to extend one (1) year for up to three (3) years, ending on August 31, 2024.

Anticipated award amounts are based on available funding and the projected population to be served. The initial award will cover expenses occurring within the first year of the contract and awards for later years will be made by contract amendment. The specific dollar amount to be awarded to the successful respondent may depend upon the merit and scope of the proposed project. Portions of the available funding are grant-restricted and must be used for the provision of specific ADRC activities. Award amounts are subject to change at the discretion of HHSC.

2.2.2 Grant Term

It is anticipated the grant funding period for this program will begin **September 1, 2019**, and continue through **August 31, 2021**. HHSC may exercise its option to extend any contract awarded pursuant to this solicitation with the option to extend one (1) additional year for up to three (3) years, ending on August 31, 2024.

2.3 ELIGIBLE APPLICANTS

- 23.1 Non-profit and governmental organizations are the only entities eligible to submit proposals in response to this solicitation. Respondents must have or propose to have offices, chapters or affiliates in the ADRC region in which the respondent is proposing to provide services at the time of contract execution.
- 23.2 Respondents may submit proposals to provide services in the ADRC regions and associated counties identified in **Exhibit E. ADRC Regions and Funding Estimates**.

2.4 PROGRAM REQUIREMENTS

To meet the mission and objectives of the ADRC program, successful respondents must be in compliance with the requirements of **Exhibit E. Contract Requirements**.

2.5 SCOPE

- 2.5.1 ADRCs serve all individuals and their families, regardless of age, income, and disability. Services are primarily focused to the following target populations:
- A. Individuals who are older;
 - B. Individuals with intellectual disabilities, developmental disabilities, physical, and/or chronic diseases or conditions;
 - C. Family caregivers;

- D. Veterans;
- E. Families with children who have special needs; and
- F. Other individuals planning for future LTSS needs.

2.5.2 Contract Requirements

This solicitation requires the successful respondents to develop, implement, and administer the operations of an ADRC in at least one of the ADRC regions identified in this solicitation. Selected respondents shall have the appropriate leadership and management structure to ensure comprehensive oversight of service delivery in accordance with the specifications contained in **Exhibit F, Contract Requirements**. Additionally, the respondent's staff must have the knowledge, skills, resources, and abilities to provide all of the following core services:

- A. Specialized Information, Referral and Assistance (IR&A) – ADRCs provide individuals with up-to-date information on the LTSS services and resources available to them in their communities. IR&A specialists use a person-centered approach to assess the capacities and challenges of clients and provide objective information and assistance to help them make informed decisions about their long-term care needs.
- B. Referral to Respite Care services – Respite care supports families caring for an individual of any age with a chronic health condition or a disability. It allows caregivers to take a break while a provider cares for their loved ones. ADRCs assess caregivers' eligibility for services and provide referrals to community providers for respite care and other services that support caregivers.
- C. Local Contact Agency functions – As the Local Contact Agency (LCA), ADRCs provide transition planning and person-centered options counseling to assist non-Medicaid, Medicare, and private-pay nursing facility residents who need assistance transitioning into community living. LCA services are more in-depth and usually require follow-up sessions with clients to ensure they are successful in meeting their goals.
- D. Housing Navigation activities – ADRC Housing Navigation activities focus on opportunities to increase accessible, integrated and affordable housing in the local area. ADRC staff must maintain inventories of available housing in their areas, participate in local coalitions that advocate for affordable housing, and develop and maintain working relationships with key stakeholders, including housing authorities, property owners, developers, and state and local lawmakers. In addition, housing navigation staff analyze complex housing policies and plans, and provide public input to city planners and other policy makers.
- E. Outreach and Education activities under the Medicare Improvements for Patients and Providers Act (MIPPA) – ADRCs facilitate and participate in

community events to provide outreach and education to Medicare beneficiaries, particularly those with limited incomes who may be eligible for the Low-Income Subsidy program (LIS), Medicare Savings Program (MSP), and Medicare Prescription Drug Coverage (Part D). Outreach activities must also provide information on disease prevention and promotion of wellness.

- F. Pilot programs and local initiatives that target underserved populations – ADRCs also may provide other programs or services that meet the unique needs of their communities. For instance, ADRCs in communities with a high number of military personnel and veterans have implemented programs to provide specialized assistance to these populations. Other local initiatives have targeted Native American, refugee, and non-English speaking populations.

2.5.3 Contract Monitoring Questionnaire

The fringe benefit rate is typically calculated by dividing the organization’s total fringe benefit costs by total wage/salary costs. The respondent must provide specific calculations that show how these costs were derived.
3. Travel – The cost of transportation, lodging, meals, and related expenses incurred by employees of the organization while performing duties relevant to the services provided. Out-of-Town travel is travel outside of the local area to attend conferences and training. Out-of-State travel must have HHSC’s prior approval at least 30 days in advance. Other/Local Travel costs are incurred in direct support of ADRC services and include items such as traveling to outlying counties at least once per month, tolls, parking fees, etc. Costs related to conference registration fees should be classified under the “Other” cost category. HHSC will only reimburse travel costs up to the maximum travel rates as identified in HHSC Travel Policy and Rates using [State of Texas Travel Policies and Procedures](#). Specify costs of out-of-town travel that will be incurred on official business of the ADRC. Do not enter costs for consultant's travel or local transportation. This information will be included under “Other”.
4. Materials and Supplies – Supplies are defined as consumable items necessary to carry out the services under this HHSC program, including office supplies, software, and any tangible items other than those defined under equipment. The respondent must specify general categories of supplies; for example, office supplies and training supplies, and their costs.
5. Equipment – Enter the cost of any equipment purchases. Equipment is defined as an article of non-expendable, tangible property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit.

NOTE: If the item does not meet the \$5,000 threshold, it must be included in the budget under "Supplies". Items such as maintenance for copiers or postage meters should be included as part of "Other" costs.

6. Units and Rates - List line item details regarding the costs of activities directly associated with carrying out the statement of work that directly applies to the total rate and number of units to provide services for a client.
7. Professional Services and Sub-Contractors – List each known contractor, indicating the names of the organizations or individuals, the purposes of the contracts, and the estimated dollar amounts of the awards as part of the budget justification. If the name of the contractor, exact scope of work, and estimated total costs are not available or have not been negotiated, enter something such as "Contractor A" as the contractor name, include the best estimate of the cost of the work, and provide the best available description of the nature of the work to be purchased. Any third-party contract that is equal to or exceeds \$100,000 over the life of the contract must obtain prior written approval from HHSC before entering into the contract.
8. Other – Specify all other costs. Examples of these costs include: non-contractual fees and travel paid directly to individual consultants; local transportation, which means all travel that does not require per diem; space rentals; utility and telephone expenses; printing and publication costs; training costs, including tuition and stipends; training service costs, including wage payments to individuals and supportive service payments; and staff development costs.
9. Indirect Costs – Enter the total amount of indirect costs, if any. If no indirect costs are requested, enter "none." The respondent may request indirect costs if it has a current indirect cost rate agreement and a central service cost allocation plan approved by the Health and Human Services agency or at a rate less than 10% of the direct charges.
10. Costs will be reviewed for compliance with UGMS and federal grant guidance found in 2 CFR Part 200, as modified by UGMS, with an effective date to whichever provision imposes the more stringent requirement in the event of a conflict. UGMS and 2 CFR Part 200 are included in the procurement library.
11. Costs included in the Expenditure Proposal will be entered into budget tables and supported by narrative descriptions describing the need for the requested cost and a calculation demonstrating how the cost was arrived at.

12. The value of donated materials, professional services, and volunteer time is to be calculated in accordance with Section .24, Subpart C, of UGMS located in the procurement library.
13. Financial Solvency shall be confirmed via a single audit and the annual profit and loss statements submitted by the respondent.
