SUPPLEMENTAL FORMS INSTRUCTIONS

The budget templates (two per budget category) that follow are intended to supplement cost reimbursement budgets when there are too many items to fit on the primary budget template. Applicants that have utilized all the lines on the primary budget template must use the supplemental templates to list detail information for the respective budget category. For example, after all the lines on the primary budget template for Personnel (tab labeled Form B - 1 Personnel) have been used, go to the supplemental template labeled "Form B - 1a Personnel Supp" and if all the lines are used on this template, go to the next template labeled "Form B - 1b Personnel". The amounts on each supplemental template will automatically total and the total from both templates will automatically be inserted on the last line of the primary budget template.

Under the direction of the legislative audit committee, an entity that is the subject of an audit or investigation by the state auditor must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

Nothing in the Contract will be construed as a waiver of the System Agency's or the State's sovereign immunity. This Contract shall not constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the System Agency or the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the System Agency or the State of Texas under the Contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel. System Agency does not waive any privileges, rights, defenses, or immunities available to System Agency by entering into the Contract or by its conduct prior to or subsequent to entering into the Contract.
