The State of Texas by and through the Texas Health and Human Services Commission (HHSC) on behalf of the Texas Civil Commitment Office (TCCO), formerly known as the Office of Violent Sex Offender Management (OVSOM) announces this notice of Open Enrollment (OE) to provide clinical examinations for civilly committed sex offenders.

TCCO will utilize a rotation schedule to select OE clinical examiners. A TCCO client identified as requiring a clinical examination will be referred to an approved OE clinical examiner based on the following:

1. Geographic proximity to the client's residence
2. Examiners' availability
3. Examiner's last exam date with the client
4. Past Contractor performance

This OE contains standardized requirements that all applicants must meet to be considered for contracts under this OE. Failure to comply with these requirements will result in disqualification of the applicant without further consideration. Each applicant is solely responsible for the preparation and submission of an enrollment application in accordance with instructions contained in the OE.

The enrollment period begins upon execution, and will remain open through August 31, 2020. TCCO may, at its sole discretion, extend the closing date of this OE. As stated in Section II, the TCCO may also, at its sole discretion, withdraw this OE before the stated date the enrollment period ends.

Dispute Resolution

The dispute resolution process provided for in Texas Government Code, Chapter 2260 shall be used by TCCO and Contractor to resolve any dispute arising under the Contract.

The dispute resolution process provided for in Chapter 2260 shall be used, as further described herein, to attempt to resolve a claim for breach asserted by Contractor. If the Contractor's claim for breach cannot be resolved by the parties in the ordinary course of business, it shall be submitted to the negotiation process provided in Chapter 2260. To

initiate the process, Contractor shall submit written notice, as required by Chapter 2260 to the Deputy Comptroller or his or her designee. The notice shall also be given to the individual identified in the Contract for receipt of notices. Compliance by the Contractor with Chapter 2260 is a condition precedent for the filing of a contested case proceeding under Chapter 2260.

The contested case process provided in Chapter 2260 is the Contractor's sole and exclusive process for seeking a remedy for an alleged breach by the TCCO if the parties are unable to resolve their disputes as described above.

Compliance with the contested case process provided in Chapter 2260 is a condition precedent to seeking consent to sue from the Legislature under Chapter 107, Civil Practice and Remedies Code. Neither the execution of this Contract by the TCCO nor any other conduct of any representative of the TCCO relating to the Contract shall be considered a waiver of sovereign immunity to suit.

For all other specific breach claims or disputes under the Contract, the TCCO and the Contractor shall first attempt to resolve them through direct discussions in a spirit of mutual cooperation. If the parties' attempts to resolve their disagreements through negotiations fail, the dispute will be mediated by a mutually acceptable third party to be chosen by the TCCO and the Contractor within fifteen (15) days after written notice by one of them demanding mediation under this Section. Contractor shall pay all costs of the mediation unless the TCCO in its sole good faith discretion approves its payment of all or part of such costs. By mutual agreement, the TCCO and the Contractor may use a non-binding form of dispute resolution other than mediation. The purpose of this section is to reasonably ensure that the TCCO and the Contractor shall, in good faith, utilize mediation or another non-binding dispute resolution process before pursuing litigation. The TCCO participation in or, or the results of, any mediation or other non-binding dispute resolution process under this Section or the provisions of this Section shall not be construed as a waiver by the TCCO of 1) any rights, privileges, defenses, remedies or immunities available to the TCCO as an agency of the State of Texas or otherwise available to the TCCO; 2) the TCCO termination rights; or 3) other termination provisions or expiration dates of the Contract.

Notwithstanding any other provision of the Contract to the contrary, unless otherwise requested or approved in writing by the TCCO the Contractor shall continue performance and shall not be excused from performance during the period of any breach of contract claim or dispute is pending under either of the above processes; however, the Contractor may suspend performance during the pendency of such claim or dispute if the Contractor has complied with all provisions of Section 2251.051, Texas Government Code, and such suspension of performance is expressly applicable and authorized under that law.

until after the causes of delay or failure have been removed provided the non-performing party exercises all reasonable due diligence to perform.

Force majeure is defined as acts of God, war, fires, explosions, hurricanes, floods, failure of transportation, or other causes that are beyond the reasonable control of either party and that by exercise of due foresight such party could not reasonably have been expected to avoid, and which, by the exercise of all reasonable due diligence, such party is unable to overcome.
