ARTICLE I. EXECUTIVE SUMMARY, DEFINITIONS, AND AUTHORITY

1.1 EXECUTIVE SUMMARY

The Texas Health and Human Services Commission (“HHSC” or “Owner”) issues this Request for Qualifications (RFQ) to solicit qualifications from architectural and engineering design professionals interested in providing design and associated construction administration services on construction projects. The relevant facilities are sometimes referred to herein as “HHS Agency facilities,” the singular “Agency facility,” or “Agency facilities.”

HHSC seeks design professionals to provide the specified services on an Indefinite Delivery/Indefinite Quantity (IDIQ) contract basis. Projects typically range from approximately \$25,000 to \$5,000,000 in construction value for replacement, repair, renovation, and rehabilitation projects, with limited new construction, primarily for health care and related occupancies.

1.1.1 This Solicitation is being issued to select a Professional Services provider for architectural and/or engineering services relating to construction, replacement, repair, renovation, and rehabilitation projects as provided by *Texas Government Code* Chapter 2254, Subchapter A.

1.1.2 The Owner will select professional firms under contract that are deemed ‘most qualified’ for future projects based on the published selection criteria and on Owner’s determination of ‘most qualified’ and proximity locale in relation to the specific Agency facility campus. The Owner will first attempt to negotiate an Activation (as defined below) of the contract with the selected firm, and if the Owner is unable to reach an agreement on the Activation with the selected firm, the Owner will formally end negotiations with that Respondent and proceed to the next qualified Respondent in the order of determination by Owner.

HHSC intends to select design professionals for each discipline identified in this RFQ on a regional basis. The HHS Agency facilities comprise approximately 1,450 buildings at 25 facilities in 4 regions located throughout Texas.

HHSC is seeking design professionals in the particular disciplines identified below:

- 1. Environmental Engineering;**
- 2. Architectural;**
- 3. Civil Engineering;**
- 4. Mechanical, Electrical and Plumbing Engineering;**
- 5. Fire Protection Engineering;**
- 6. Roofing Consulting;**
- 7. Building Envelope Analysis;**
- 8. HVAC Testing and Balancing; and**
- 9. Geotechnical and Materials Testing.**

Respondents will refer to the attached **Exhibit E, Professional Design Services Discipline and Region Designation**, for further description of the disciplines in which HHSC seeks to engage design professionals through this RFQ process, and other requirements for the Solicitation Response.

Responses to this RFQ must be received no later than Day/Date/Time at the designated address as set forth in this RFQ.

To be considered for a contract award, Respondents must complete, execute, and submit the attached **Exhibit A, Affirmations and Solicitation Acceptance for State Architectural/Engineering and Construction Projects (sometimes referred to as “Solicitation Affirmations”)**, and must provide all other required information and documentation as set forth in this Solicitation.

Information regarding HHSC and its programs is available online and can currently be accessed at the HHSC website, hhs.texas.gov.

No exception, nor any other term, condition, or provision in a Proposal that differs, varies from or contradicts this Solicitation will be considered to be part of any Contract resulting from this Solicitation unless expressly made a part of the Contract in writing by HHSC.

A Solicitation Response should be responsive to the Solicitation as worded, without any expectation that any or all terms, conditions, or provisions of the Solicitation will be negotiated. Furthermore, all Solicitation Responses constitute binding offers contingent upon being accepted by HHSC without any negotiation.

Any Solicitation Response to this Solicitation that includes any type of disclaimer or other statement indicating that the Response does not constitute a binding offer may be disqualified.

3.7.6 Assumptions

Respondents must identify on the **Exhibit F, Exceptions Form** any business, economic, legal, programmatic, or practical assumptions that underlie the Respondent's response to the Solicitation. It is the policy of the Owner, and all Texas Health and Human Services agencies, to promote and encourage contracting and subcontracting opportunities for Historically Underutilized Businesses in all contracts. Accordingly, the Owner includes a HSP when subcontracting opportunities are probable and a contract has an expected value of \$100,000.00 or more. The HSP is applicable for the life of the contract, including any subsequent amendments and renewals after award of the contract as related to the original HSP. If the Owner determines that subcontracting opportunities are probable, then Respondents are required to submit a completed HSP. Failure to submit a required HSP will result in disqualification of a Proposal.

Additional information regarding the applicability of the HSP requirement is set forth in **Exhibit B.**

ARTICLE VI. DISCLOSURE OF INTERESTED PARTIES

Subject to certain specified exceptions, *Texas Government Code* §2252.908, Disclosure of Interested Parties, applies to a contract of a state agency that has a value of at least \$1 million or that is for services that would require a person to register as a lobbyist under Chapter 305 or a contract that requires an action or vote by the governing body of the agency before the contract may be signed. One of the requirements of Section 2252.908 is that a business entity (defined as “any entity recognized by law through which business is conducted, including a sole proprietorship, partnership, or corporation”) must submit a Form 1295, Certificate of Interested Parties, to the state agency at the time the business entity submits the signed contract to the agency.

Respondent represents and warrants that, if selected for award of a Contract as a result of this RFQ, Respondent will submit to the Owner a Certificate of Interested Parties at the time Respondent submits the signed Contract. Form 1295 involves an electronic process through the Texas Ethics Commission (“TEC”).

Information regarding the on-line process for completing Form 1295 is available on the Texas Ethics Commission’s website:

If the potential awardee does not timely submit a completed, certified, and signed TEC Form 1295 to the Owner, the Owner is prohibited by law from executing a Contract, even if the selected Respondent is otherwise eligible for award.

ARTICLE VII. GENERAL TERMS AND CONDITIONS

7.1 GENERAL CONDITIONS

7.1.1 Costs Incurred

Respondents understand that issuance of this Solicitation or retention of Proposals in no way constitutes a commitment by Owner to award a Contract. Owner accepts no obligations for costs incurred in preparing and submitting a Proposal, including, but not limited to,

preparing for or participating in oral presentations and site visits. Proposals shall be submitted at the sole expense of the Respondent. All Proposals shall be prepared simply and economically, providing a straightforward, concise delineation of the Respondent's capabilities to satisfy the requirements of this Solicitation.

7.1.2 A/E Responsibility

HHSC will look solely to the A/E for the performance of all contractual obligations that may result from an award based on this Solicitation. A/E will not be relieved of its obligations for any nonperformance by its subcontractors.

7.1.3 Standards of Conduct for Vendors

Pursuant to Title 1 of the Texas Administrative Code (TAC), Part 15, Chapter 391, Subchapter D, Rule §391.405(a), contractors, respondents, and vendors interested in working with HHS are required to implement standards of conduct to apply to all matters involving, or related to, those solicitations and contract(s) between themselves and HHS. These standards must adhere to ethics requirements adopted in rule, in addition to any ethics policy, or code of ethics approved by the HHSC Executive Commissioner and must be at least as restrictive as those applicable to HHS personnel in the applicable ethics law and policy provisions.

The standards of conduct must include the ten standards of ethical conduct set forth in Section I of the HHS Ethics Policy and requirements to comply with ethical standards set forth in federal and state law (including, but not limited to, 1 TAC pt. 15, ch. 391, subch. D).

The standards of conduct, together with the responsibilities and restrictions incorporated herein, also apply to subcontractors of A/E, respondents and vendors.

Standards of conduct of any contractor, respondent, vendor, or A/E may be reviewed and/or audited by the State Auditor and HHSC. Additionally, pursuant to Title 1 TAC Part 15, Chapter 391, Subchapter D, Rule §391.405(a), HHS may examine a respondent's standards of conduct in the evaluation of a bid, offer, proposal, quote, or other applicable expression of interest in a proposed purchase of goods or services.

Any vendor or contractor or A/E that violates a provision of Title 1 TAC Part 15, Chapter 391, Subchapter D may be barred from receiving future contracts or have an existing contract canceled. Additionally, HHSC may report the vendor's actions to the Comptroller of Public Accounts for statewide debarment, or law enforcement.

7.1.4 Public Information Act - Respondent Requirements Regarding Disclosure

Proposals and contracts are subject to the Texas Public Information Act (PIA), Texas Government Code Chapter 552, and may be disclosed to the public upon request. Other legal authority also requires HHSC to post contracts and proposals on its public website and to provide such information to the Legislative Budget Board for posting on its public website.

Under the PIA, certain information is protected from public release. If Respondent asserts that information provided in its Solicitation Response is exempt from disclosure under the PIA, Respondent must:

a) Mark Original Proposal:

- 1) Mark the original Proposal, on the top of the front page, the words “CONTAINS CONFIDENTIAL INFORMATION” in large, bold, capitalized letters (the size of, or equivalent to, 12-point Times New Roman font or larger); and
- 2) Identify, adjacent to each portion of the Solicitation Response that Respondent claims is exempt from public disclosure, the claimed exemption from disclosure (NOTE: no redactions are to be made in the Original Proposal);

b) Certify in Original Proposal – Solicitations Affirmations (attached as Exhibit A to this Solicitation):

Certify, in the designated section of the Solicitation Affirmations, Respondent’s confidential information assertion and the filing of its Public Information Act Copy; and

c) Public Information Act Copy of Proposal:

If desired, submit a separate “Public Information Act Copy” of the original Proposal (in addition to the original and all copies otherwise required under the provisions of this Solicitation). The Public Information Act Copy must meet the following requirements:

- 1) The copy must be clearly marked as “Public Information Act Copy” on the front page in large, bold, capitalized letters (the size of, or equivalent to, 12-point Times New Roman font or larger);
- 2) Each portion Respondent claims is exempt from public disclosure must be redacted (blacked out); and
- 3) Respondent must identify, adjacent to each redaction, the claimed exemption from disclosure. Each identification provided as required in Subsection (c) of this section must be identical to those set forth in the original Proposal as required in Subsection (a)(2), above. The only difference in required markings and information between the original Proposal and the “Public Information Act Copy” of the proposal will be redactions - which can only be included in the “Public Information Act Copy.” There must be no redactions in the original Proposal.

By submitting a response to this Solicitation, Respondent agrees that, if Respondent does not mark the original Proposal, provide the required certification in the HHS Solicitation Affirmations, and submit the Public Information Act Copy, Respondent’s Proposal will be considered to be public information that may be released to the public in any manner including, but

not limited to, in accordance with the Public Information Act, posted on HHSC's public website, and posted on the Legislative Budget Board's public website.

If any or all Respondents submit partial, but not complete, information suggesting inclusion of confidential information and failure to comply with the requirements set forth in this section, HHSC, in its sole discretion and in any solicitation, reserves the right to (1) disqualify all Respondents that fail to fully comply with the requirements set forth in this section, or (2) offer all Respondents that fail to fully comply with the requirements set forth in this section additional time to comply.

Respondent should not submit a Public Information Act Copy indicating that the entire Proposal is exempt from disclosure. Merely making a blanket claim that the entire Proposal is protected from disclosure because it contains any amount of confidential, proprietary, trade secret, or privileged information is not acceptable, and may make the entire Proposal subject to release under the PIA.

Proposals should not be marked or asserted as copyrighted material. If Respondent asserts a copyright to any portion of its Proposal, by submitting a Proposal, Respondent agrees to reproduction and posting on public websites by the State of Texas, including HHSC and all other state agencies, without cost or liability.

HHSC will strictly adhere to the requirements of the PIA regarding the disclosure of public information. As a result, by participating in this solicitation process, Respondent acknowledges that all information, documentation, and other materials submitted in the proposal in response to this Solicitation may be subject to public disclosure under the PIA. HHSC does not have authority to agree that any information submitted will not be subject to disclosure. Disclosure is governed by the PIA and by rulings of the Office of the Texas Attorney General. Respondents are advised to consult with their legal counsel concerning disclosure issues resulting from this process and to take precautions to safeguard trade secrets and proprietary or otherwise confidential information. HHSC assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by Respondents.

For more information concerning the types of information that may be withheld under the PIA or questions about the PIA, please refer to the Public Information Act Handbook published by the Office of the Texas Attorney General or contact the attorney general's Open Government Hotline at (512) 478-OPEN (6736) or toll-free at (877) 673-6839 (877-OPEN TEX). 7.3 PROTEST

Protests relating to the purchase of goods and services by Owner are governed by the Texas Administrative Code, Title 1, Part 15, Chapter 391, Subchapter C.
